He has also stated that, at present, there is an un bridged crossing on this road in Km 0/0 of the road across River Vamsadhara which is a perennial river. Mathala – Nivagam Bridge on is at a distance of 50 km to the proposed bridge and the bridge on National Highway is 45 Km from the proposed Bridge. Due to Construction of above Bridge, 45 to 50 Kms distance will be reduced to reach the District Head Quarters of Srikakulam and Vizianagaram District. Further 120000 people will benefit in the nearby Mandals. The bridge will lead to overall economic development in the interior and connected area.
